Rockford Public Schools

Quality Community – Quality Schools
Together Building a Tradition of Excellence

With your support, the Rockford Education Foundation and Rockford Public Schools have partnered since 1991 to provide new and innovative educational opportunities to our community. Please consider leaving your legacy on the REF donor wall at the new Creative Teaching & Learning Center by making a donation today.

Together, the Rockford Community and the Rockford Education Foundation will grow and increase the impact we have on our students. With the funds from approved bond dollars, Rockford Public Schools is currently building an addition to the High School for an innovative teaching and learning environment. The new multifunctional space will be utilized daily by students and staff. It will be available to be used by the community as well.
